

Marketing Act of 1946, requiring the Secretary of Agriculture to establish an electronic reporting system for certain manufacturers of dairy products to report sales information under a mandatory dairy product reporting program. Data collection for cheddar cheese, butter, dry whey, or nonfat dry milk sales is limited to manufacturing plants producing annually 1 million pounds or more of one of the surveyed commodities specified in the program.

Need and Use of the Information:

Persons engaged in manufacturing dairy products are required to provide the Department of Agriculture (USDA) certain information, including the price, quantity, and moisture content, where applicable, of dairy products sold by the manufacturer. Various manufacturer reports are filed electronically on a weekly basis. Additional paper forms are filed by manufacturers on an annual basis to validate participation in the mandatory reporting program. Manufacturers and other persons storing dairy products must also report information on the quantity of dairy products stored. USDA publishes composites of the information obtained to help industry members make informed marketing decisions regarding dairy products. The information is also used to establish minimum prices for Class III and Class IV milk under Federal milk marketing orders. Without this information USDA would not be able to verify compliance with applicable regulations.

Description of Respondents:

Businesses—Cheddar Cheese, 40 lb. Blocks.

Number of Respondents: 219.

Frequency of Responses: Reporting: On occasion; Weekly; Annually.

Total Burden Hours: 1,767.

Levi S. Harrell,

Departmental Information Collection Clearance Officer.

BILLING CODE 3410-02-P

DEPARTMENT OF AGRICULTURE

Forest Service

Payette National Forest; Idaho; Wildlife Conservation Strategy Forest Plan Amendment; Withdrawal of Notice of Intent To Prepare an Environmental Impact Statement

AGENCY: Forest Service, USDA.

ACTION: Notice; withdrawal.

SUMMARY: The Payette National Forest is withdrawing the Notice of Intent (NOI) that was published in the **Federal**

Register on April 22, 2009 to prepare an Environmental Impact Statement (EIS) for the Wildlife Conservation Strategy Forest Plan Amendment.

FOR FURTHER INFORMATION CONTACT:

Questions concerning this notice should be directed to Deputy Forest Supervisor Susan Howle at Payette National Forest Supervisors Office, 500 North Mission Street Building 2, McCall, ID 83638; via telephone at 208-634-0700 or via email at susan.howle@usda.gov.

Individuals who use telecommunication devices for the hearing-impaired (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern Daylight Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: A NOI to prepare an EIS was first published in the **Federal Register** on September 14, 2007 (72 FR 52540) to amend the 2003 Land and Resource Management Plans for the Boise, Payette, and Sawtooth National Forests and was corrected on December 8, 2008 (73 FR 74455) due to a delay in release of the three-forest Draft EIS. On April 22, 2009 (74 FR 18348), a new NOI was filed to prepare a separate EIS for each forest. The Notice of Availability for the Draft EIS for the amendment to the Payette Forest Plan was published in the **Federal Register** on January 21, 2011 (76 FR 3884).

The Forest Supervisor in consultation with the Intermountain Regional Office has determined that the forest plan amendment proposed in 2011 cannot be completed as initiated per the provisions of 36 CFR 219.13 issued in 2016. Under the new regulations, the project would be required to be re-initiated in order to meet the public notification requirements. The withdrawal of the EIS could not proceed earlier because of pending litigation for another project that referenced the Draft EIS. Judgment in that case was issued in August 2020, and the litigation is no longer pending. Instead of proceeding with a new or re-initiated Plan Amendment at this time, individual projects are considering the need for project level amendments to address wildlife conservation needs on a project-by-project basis based on the best available science. The need for a plan level wildlife conservation strategy will be reassessed during forest plan revision in the future.

Dated: May 21, 2021.

Barrie Gyant,

Associate Deputy Chief, National Forest System.

[Docket No. RBS-21-CO-OP-0011]

Notice of Funds Availability for the Rural Placemaking Innovation Challenge (RPIC) for Fiscal Year 2021

AGENCY: Rural Business-Cooperative Service (RBCS), Rural Utilities Service (RUS), Rural Housing Service (RHS), USDA.

ACTION: Notice of funds availability.

SUMMARY: The Deputy Under Secretary for Rural Development (RD) is seeking applications for the Rural Placemaking Innovation Challenge (RPIC) from eligible entities to provide technical assistance and training to rural communities for placemaking planning and implementation. This funding opportunity will be administered by the USDA Rural Development Innovation Center and is authorized by the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2021, to provide up to \$3 million in competitive cooperative agreement funds. This announcement lists the information needed to submit an application.

DATES: Applications for RPIC cooperative agreement(s) must be submitted electronically through [Grants.gov](https://www.grants.gov) by 11:59 p.m. Eastern Daylight Time by July 26, 2021. Applications received after 11:59 p.m. Eastern Daylight Time on July 26, 2021 will not be considered.

Comments related to the collection of information must be submitted by July 26, 2021. Follow directions provided in Section IX of this notice.

ADDRESSES:

Application Submission: The application system for electronic submissions will be available at <https://www.grants.gov/>.

Electronic submissions: The electronic submission of an application will allow for the expeditious review of an applicant's proposal. As a result, all applicants must file their application electronically.

FOR FURTHER INFORMATION CONTACT:

USDA Rural Development, Innovation Center, via email at: RD.RPIC@usda.gov, or via phone at: Angela Callie 202-568-9738 or Greg Dale 202-568-9558. Persons with disabilities who require alternative means for communication should contact the U.S. Department of
